

JOB ANNOUNCEMENT: **COMPUTING SERVICES DATA INTERN**

Position Number: 2018-1490

Overview

The Noble Research Institute LLC is accepting applications for an intern in the Computing Services Solutions team for the summer of 2018. This is a temporary position which will last for approximately 12 weeks. This internship will also provide experience in the daily operations of the solutions team, including assisting with organizing and addressing data formatting and quality issues with spreadsheets; assisting with profiling data sets using SQL queries and other data profiling tools; assisting with data points to be cleaned in source systems; assisting with researching, comparing, and experimenting with data technology products; assisting with written summaries for review; assisting with data modeling and data extraction, transformation, and loading pipelines. Helps develop reports and visualizations;

Duration: Approximately 12 weeks during the summer of 2018.

Hourly Rate: This Intern position will earn \$12-14 per hour (subject to federal and state income tax withholding). The Intern will work 40 hours per week for up to 12 weeks; payments are made semimonthly. Course credit may also be available, subject to university requirements.

Responsibilities:

The successful intern will work alongside a computing services department staff mentor that matches their specific field of study.

Qualifications:

The successful candidate must:

- Be enrolled in an undergraduate degree program in a college or university within the United States, with such program resulting in the award of a baccalaureate.
- Have completed his/her sophomore year at the time the internship begins (at least 60 credit hours) with a declared major in Computer Science, MIS, Data Analytics, or related STEM field of study with appropriate fundamental coursework completed.
- Be legally authorized to work in the United States (for any employer) and WILL NOT require employment visa sponsorship for this internship; and
- Be capable of working 40 hours per week for 12 weeks. The intern will work in Ardmore, Oklahoma during the program.
